

~~~ Dear Droners, here's the Newsflash for September + October 2026 [#3] ~~~

Thank you for your great response on our latest batch of releases, finally ready this regular Newsflash to be followed by a final one for this year in December !

six six six - personal recommendations for the ghostly island:

NEW RISEN THRONE - The Journey to reach the Fathers do-CD (Cyclic Law) - nine awesome transcendental dark ambient pieces with beautiful layered guitar harmonics coming from ominous gloominess...

RUTGER ZUYDERVELT, RUTGER - House of Strength CD (Derde) - collaboration with dancer and choreographer ROSHANAK MORRAWATIAN, beautiful droning and ghostly ritualistic sounds

NATASHA BARRETT - Heterotopia LP (Persistence of Sound) - SPEAKING SPACES: electro-acoustic dynamics with a kind of field recording narrative / atmosphere in a most enchanting way...

TAM QUAM TABULA RASA / ILLUSION OF SAFETY - Pathei Mathos CD (Luce Sia) - exciting split release with the epic new IOS piece "Non-Interference" and TQTRs "Supra Lacrimas Plorans"

HIMUKALT - Torn Asunder: The Half Girl LP (Helen Scarsdale) - the cassette that was part of the rare "On Corrosion" box, super intense female / trauma industrial, definitely one of her best recordings

FEDERICO MOSCONI feat. BARBARA DE DOMINICIS - Frammenti CD (Dronarivm) . extremely ethereal ambience from Italy, for this project six texts from MIRCO SALVADORI are spoken and whispered by BARBARA DE DOMINICIS

please send your orders & all communication to: [drone@dronerecords.de](mailto:drone@dronerecords.de), or use the order system on the website. Please always mention the **PRICES** with your order!

|-----|-------------------------------------------------|--------|-------------------------|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|
| 1   | ALDINUCCI, GIULIO - Aer                         | CD     | Derde - E-01            | 2025  | limited re-mastered deluxe re-issue of ALDINUCCI's second album from 2014, ethereal ambience that seems to be in a state of flotation permanently, but also has a strong emotional impact and uses field recordings in a most dreamy / suspended way... ~"I wanted to evoke a sense of spaciousness, weightlessness, and fluidity, creating an auditory experience that feels both intimate and boundless.." - 100 factory pressed CDs in super jewelbox with doubled sided UV print                    | €16,00 |
| 2   | ALIO DIE - An Unfathomable Convergence          | CD     | Hic Sunt Leones HSL 086 | 2016  | studio recordings made 2011-2015 in Oulu, Finland and Italy, feat. AGLAIA, LINGUA FUNGI and ENTEN HITTI... two long tracks, sonorous yet lush hallucinogenic dream drones..."when Alio Die produces sound, any sound, a masterful amalgam of stories led by a watershed of powerful emotions is the result. Here I feel as though peacefully drifting in a haunting, yet dreamy atmosphere, provoked by mysterious sounds of past lives in a place never visited." - BACK IN STOCK !                    | €15,00 |
| 3   | ALIO DIE - Apotheosis                           | CD     | Hic Sunt Leones HSL 134 | 2025  | three new long tracks of "evocative" ambience (Drones and loops, guzheng, zither, rattles and bells, field recordings), in order to develop states of luminescence and eternity... - "Alio Die masterfully creates his music from a single threads of sounds. The final effect is emotional, beautiful and colorful fabric from the past illustrating shapes formed from our curious minds. A rewarding experience which leaves you impressed for the rest of the day." [slonecznik] - lim. 200 digipak | €16,00 |
| 4   | ALIO DIE - Sit Tibi Terra Levis / Introspective | CD     | Hic Sunt Leones HSL 049 | 2009  | back in stock this re-issue of earliest ALIO DIE material from the tapes with same name (HSL000 & HSL001, from 1990 & 1991), plus cassette only compilation track from "Ars Obscura" MC, later released as first HSL CD - silver-black art digipack, lim. 333 copies "...Beautiful ambient sounds and textures which provide a thought provoking atmosphere." [ND magazine]                                                                                                                             | €15,00 |

|    |                                                                                    |       |                                  |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |        |
|----|------------------------------------------------------------------------------------|-------|----------------------------------|------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|
| 5  | <b>AMYGDALA VELVET's ARTIFICIAL ORKESTRA - Playing the Musikk of Deutsch Nepal</b> | CD    | Entartete Musik - EM18           | 2025 | now to something very special: DEUTSCH NEPAL songs like "Alchology" or "Staring at my Wall" in bizarre, laid back, "Latino-Pop / Cocktail" versions, perfectly arranged with female voice, etc.. one of the most surprising albums lately... - we have no clue about the background, but its a most surreal "turning back" industrial to Pop !!                                                                                                                      | €15,00 |
| 6  | <b>B'EE - Live in Siberia</b>                                                      | CD    | Infinite Fog Prod. - IF-117CD    | 2024 | behind B'EE (B'EIRTH) is IN GOWAN RING and this is a truly magnificent live recording made in a 'theatre-studio' in Kemerovo, 2011, Siberia, organized by INFINITE FOG - 17 tracks of deep melancholic folk tunes, completely solo and a very pure, intimate atmosphere... - comes in a oversized gatefold cardboard sleeve                                                                                                                                          | €15,00 |
| 7  | <b>BALDRUIN - Miniaturen</b>                                                       | LP    | Vrystaete (Enfant Terrible) - 22 | 2026 | re-issue of long deleted Cassette from 2015, the year when his first LP "Portal " appeared... obscure, dark, dreamy electronic music - *First time vinyl edition of cassette album released 10 years ago - post-folk, electronic ambient and surrealism go hand in hand to create a dreamscape/soundscape to escape in 23 tracks but pressed as two long pieces, edition of 150 copies, risograph printed artwork two variations, two inserts*                       | €22,50 |
| 8  | <b>BARRETT, NATASHA - Heterotopia</b>                                              | LP    | Persistence of Sound PS006       | 2022 | SPEAKING SPACES - three new pieces by the British specialist for 3D and Ambisonics - she manages it to combine electro-acoustic dynamics with a kind of field recording narrative / atmosphere in a most enchanting way... - "Natasha Barrett makes musique concrète feel like a thrilling adventure film" [Agata Kik / The Quietus] - 'Heteropia' is a notion from French philosopher MICHEL FOUCAULT, this vinyl version comes with DL-card                        | €26,00 |
| 9  | <b>BARRETT, NATASHA - Toxic Colour</b>                                             | CD    | Persistence of Sound PS014       | 2025 | stunning compilation with 5 works based on field recordings made with use of 3D ambisonic microphones... - "The recordings have been deconstructed, processed, and composed into abstract musical journeys that no longer transport the listener to the original recording locations. Instead, they tell stories— partly of human-made dystopias and partly in search of a melancholic beauty in what the future may hold." - gatefold card sleeve                   | €17,50 |
| 10 | <b>BAYLE, FRANCOIS - Le Projet Ouir</b>                                            | CD    | INA GRM - INA C 2023-1           | 2023 | the grandmaster of electro-acoustic music (*1932 !) with a new composition (composed 2015-2019, 62 min.). a kind of study about the process of "listening" itself: "Whoever listens stretches out his or her ear and expects to hear something and understand its ins and outs. ...The idea is to break out of these customary dimensions and enter more difficult and risky territories. This is the "#38;Ouir" Project." - comes with 24 p. booklet                | €21,50 |
| 11 | <b>BERTONI, MARTINA - Electroacoustic Works for Halldorophone</b>                  | do-LP | KarlRecords KR118                | 2025 | four pieces composed for / performed on the "Halldorophone", a string instrument developed by HALDOR ULFARSSON and used i.e. by HILDUR GUDNADOTTIR for her praised "Joker" soundtrack...~ *massive in scale and incredibly intimate, sonically restrained and emotionally overwhelming -- almost ambient and always demanding your full attention..* - lim. 300 copies, 45 RPM, 4 side long tracks, postcard + DL code                                               | €28,00 |
| 12 | <b>BEUYS + PISSOFF - Creamcheese Düsseldorf</b>                                    | CD    | Rotorelief ROTOR0076             | 2021 | the only existing recording by EBERHARD KRANEMANN's band PISSOFF, who was a student at the Düsseldorf Academy of Fine Arts => this most radical impro-noise performance on cello, clarinet, sax, electric bass / guitar and drums, happened with JOSEPH BEUYS doing his "Handaktion", reacting gestically to the sounds & noises... incredible document between sheer noise and free jazz, recorded at the "Creamcheese Club"; CD version now in stock, DVD digipack | €18,00 |
| 13 | <b>BIANCHI, MAURIZIO - 603...Annus Mundi</b>                                       | CD    | Siren Records - SIREN 38         | 2025 | limited CD re-issue of an album from 2006 so far only available as download => two 23+ min. tracks "Vacuum (Beginning State Of Void)" and "Telos (Final State Of Annihilation)" are great examples of BIANCHI's cryptic, mythological ambient noise... "This re-issue CD is beautifully re-mastered by Andrew Chalk (Ferial Confine, Organum, ORA, Elodie, Mirror) and comes with a liner-notes sheet written by M.B."                                               | €13,00 |
| 14 | <b>BORN ERASED - Birds drink my Blood</b>                                          | CD    | Cyclic Law - 288th Cycle         | 2025 | second album of the new project of DroneRec. artist MYTRIP from Sofia, dense + dark ambient Industrial, sometimes slowly pulsing, very melancholic and beautiful spheric expanses, professionally arranged... think of BAD SECTOR, TROUM, etc.. - "Conceived as a meditation on nature's brutal beauty, the album channels the relentless flow of the natural world, its internal hierarchies, and the unseen forces that shape it." - lim. 200 copies               | €14,00 |
| 15 | <b>BOURBONESE QUALK - My Government is my Soul</b>                                 | CD    | Klanggalerie - gg526             | 2026 | this BQ cult album appeared in 1989 and marked a most remarkable transition into rhythmic, aggressive, tribal industrialism, irresistible! - * a sound that was both confrontational and deeply physical—a weaponized form of music rooted in activism and direct action. * - re-issue, lim. 500 copies                                                                                                                                                              | €15,00 |
| 16 | <b>CAPRICORNI PNEUMATICI - Variants</b>                                            | CD    | ADN - DNN 045 C                  | 2025 | after many re-issues of older tapes, here is NEW material from C.P., Milano's best hidden secret! => 60 minutes, 7 tracks of subtle, organic transcension drones, based on guitar                                                                                                                                                                                                                                                                                    | €14,00 |

|    |                                                                    |        |                                      |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |        |

| 17 | <b>CARR, KATE - Midsummer, London</b>                              | CD     | Persistence of Sound PS012           | 2024 | sounds, percussion, electronics, often processed (backwards effects, etc.), maybe less dark and "occult" as before, but still with an almost "magic" effect...plus mysterious artwork / titles..<br>KATE CARR forms amazing compositions from captured field recordings and connects us to the sounds that surround us, often forming unexpected contexts - here are 16 miniatures from her 'sonic transect' across London ~ "a densely layered city walkabout, with subtle extensions of metal touches into drones and rising/falling tones, birds sing along with suspense elements, a keenly observed, masterfully assembled set." [mikehoolboom] | €17,50 |
| 18 | <b>CHALK, ANDREW &amp; DAISUKE SUZUKI - The Years After</b>        | CD     | Siren Records - SIREN 37             | 2025 | a kind of UR version of their first collaboration "The Days After" (Three Poplars) from 2003, recently re-found in SUZUKI's archives, 23 years later this form a new album => 3 tracks of calm drones, field recordings (stones?), mysterious and deep... - re-mastered by DENIS BLACKHAM, lim. 200, oversized cover                                                                                                                                                                                                                                                                                                                                 | €16,00 |
| 19 | <b>COIL - Astral Disaster (Prescription Versions) (lim. clear)</b> | 3 x LP | Infinite Fog Productions - IF-127LP* | 2026 | the "holy grail" for COIL fans and collectors was released in 1999 in a tiny subscription edition of 99 copies, two more LPs feat. early and alternative mixes and instrumentals appeared later on the same label => this compilation collects all the material from the 3 LPs, plus new artwork from STEVE STAPLETON, a poster, all re-mastered! Lim. CLEAR vinyl edition in deluxe triple gatefold cover, lim. 200, numbered                                                                                                                                                                                                                       | €59,50 |
| 20 | <b>COIL - Astral Disaster (TTH Edition) (lim. clear)</b>           | do-LP  | Infinite Fog Productions - IF-126LP* | 2026 | re-mastered re-issue of COILs cult album - the Threshold House version from 2000, incl. the 23 min. CD track "The Mothership & The Fatherland", deluxe gatefold cover with poster, lim. CLEAR vinyl (500 copies) ~ "Deep, tidal drone and krautrock-inspired ritual electronics. It blends cosmic atmospheres with John Balance's deeply unsettling spoken-word poetry and esoteric incantations.." [Boomkat]                                                                                                                                                                                                                                        | €45,00 |
| 21 | <b>COLUMN ONE - Whip cracking &amp; Death defying (a Ceremony)</b> | LP     | 90%WASSER WVINYL 019                 | 2016 | the last LP by the unique post industrial dadaists, rec. during rehearsals for a performance in Berlin => it sounds like a completely unintentional "in between" recording, musicians testing instruments, talking, making just noises, along with the sounds of the aeration/electronic devices in the hall...C.O. focus your attention to the 'preparation', of what normally stays unheard.. what is false, what is real? and how to show it? a very thoughtful concept album, perplexing your brain! SPECIAL OFFER now                                                                                                                           | €12,50 |
| 22 | <b>CONURE - Stream</b>                                             | CD     | Edgetone Records EDT4082             | 2009 | this CONURE album concentrates less on concepts (as on "The Generation of our Grandfathers" for example) and more on presenting the more improvised live sound of the project - raw and raspy drone noise, with various different elements (synths, voices, field recordings) emerging... imagine MERZBOW in a more ambient style; special low price, still to discover                                                                                                                                                                                                                                                                              | €8,00  |
| 23 | <b>DEL - Villa Graps</b>                                           | LP     | Apartment Records APAREC028          | 2010 | "Dedicated to crazy Taxi Drivers everywhere" - recordings from 2006 by the Norwegian psych impro rock band, sounding like "a dirty wound that looks cool and doesn't hurt enough for you to want it to disappear"; on the 2 colour silkscreen cover images of their favourite female film stars appear, and indeed these low fi guitar drone excursions with bluesy sounding guitars could appear nicely in a WIM WENDERS film... - last copies found, SPECIAL OFFER now                                                                                                                                                                             | €12,00 |
| 24 | <b>DREIER, CHRIS &amp; ANSGAR WILKEN - E Ora Di Farlo</b>          | LP     | Attenuation Circuit ACW 1011         | 2026 | stunning collaboration by these two "outer limits" sound artists from the Berlin underworld, opening acoustic rooms for multiple (sound + voices) happenings, using modular synth, various percussion tools, tapes + samples... " If surrealism was defined as the meeting of an umbrella and a sewing-machine on a dissecting-table, then this album is quite literally surrealism in sound." - lim. 300 copies and very much worth to explore                                                                                                                                                                                                      | €20,00 |
| 25 | <b>EKIN FIL - Bora Boreas</b>                                      | CD     | Dronarivm DR-111                     | 2025 | the prolific Turkish low fi ambient singer-songwriter (known from Helen Scarsdale, Students of Decay, etc.) with a very limited CD on Dronarivm, the Russian cult label that operates now from a different country... ~"moving in opposite directions and never fully settling much like the sudden, restless bursts of a bora wind.." - 9 tracks, lim. 100, last copies!                                                                                                                                                                                                                                                                            | €15,00 |
| 26 | <b>EKOMANE, JESSICA / LAUREL HALO - Manifolds / Octavia</b>        | LP     | Portraits GRM - SPGRM009             | 2024 | the "explorer" series of the GRM, curated by FRANCOIS J.BONNET (KASSEL JAEGER), presents two (for us) completely unknown composers: JESSICA EKOMANE presents a computer-generated "polyphonic / multiphonic" piece free of all formal rules, LAUREL HALO transforms piano motifs into sonic nets and textures "the effect is one of gently floating over an abyss." - a must for explorers of the new electro-acoustic / academic avantgarde scene                                                                                                                                                                                                   | €24,00 |
| 27 | <b>ERIKM - Bidule 2.0</b>                                          | LP     | SONORIS SNS-27                       | 2026 | raw materials ("Sound Objects") from PIERRY HENRYs archive (1950-1974) assembled together into a new composition by ERIKM (known for his radical noise works and collabs with E. RADIGUE), with great result! ~"balancing fixed composition and unexpected sonic events, a singular sonic experience where where historical archives and contemporary creation                                                                                                                                                                                                                                                                                       | €23,50 |

| 63 | MOSCONI, FEDERICO feat. BARBARA DE DOMINICIS - Frammenti | CD    | Dronarivm DR-106                                  | 2025 | extremely ethereal ambience from Italy, for this project six texts from MIRCO SALVADORI are spoken and whispered (incredibly smooth) by BARABARA DE DOMINICIS, the whole emanates a strong aura of emotional depth and sadness... - "The six Fragments of this album are stages of a personal journey, stories, events or moments that marked us and stay inside us like shards, foreign objects we learned to embrace." -- 120 copies, 16 page booklet                                                                      | €15,00 |
| 64 | MUSLIMGAUZE - Mullah Said                                | CD    | Staalplaat / Muslimgauze archive 48               | 2026 | CD re-issue of much requested album from 1998, available through the Staalplaat MG subscription series at that time (MUSLIMIM 018) => this album was recorded at the Abraham Mosque in Manchester, a more dark and ambient release with hand played percussion sounds used and many samples.. "Prime Muslimgauze middle eastern ambience"... - lim. 400 copies special reverse side / gold colour print                                                                                                                      | €18,50 |
| 65 | NEW RISEN THRONE - The Journey to reach the Fathers      | do-CD | Cyclic Law 275th Cycle                            | 2025 | this epic album is meant as a journey through five symbolic gates reaching ancestral realms, with the archetype of the "Father" is central position... nine awesome transcendental dark ambient pieces with beautiful layered guitar harmonics (think of RAISON D'ETRE, TROUM, etc.) coming from ominous gloominess, feat. various guests like PHRAGMENTS, SYSSELMANN, VRNA... lim. 300                                                                                                                                      | €21,50 |
| 66 | NILSEN, BJ - True than Nature                            | CD    | Ideologic Organ SOMA070                           | 2025 | inspired by J.-P. SARTRE (title), BN NILSEN continues his mission to create mysterious dronescapes derived by field recordings, disclosing the surreality of Nature's sounds.. * .. full of moments of instability. The shifts between sound spaces refocus your listening, or throw you out of a world you were imagining. You recognize sounds, wind, rain, metal bending, a hammer on stone, the background noise of a city, but often there is an unfamiliarity about these sounds.* - 6 tracks, 12 page booklet, OBI    | €16,00 |
| 67 | NOISE RECEPTOR JOURNAL - Issue No. 14 ( Feb. 2026 )      | mag   | Noise Receptor (Australia)                        | 2026 | the new issue feat.: WILT (incl. 10 pages of original art inside the mag), 10 YEARS OF CLOISTER REC-Festival report, THE BLACK MAGHREB; BORN ERASED, OLD TOWER; XN Recordings, Essay: Trading in the Currency of Culture: a post-industrial underground perspective, more than 50 reviews (incl. Drone Records)... - about 110 pages, almost A4 format, colour cover, print run 600 copies                                                                                                                                   | €13,00 |
| 68 | NURSE WITH WOUND - Huffin' Rag Blues                     | do-LP | Rotorelief ROTOR0090                              | 2025 | NWW's incredible lounge music, a surrealistic version of erotic exotica and funk - features MATT WALDRON, DIANA ROGERSON, COLIN POTTER, PETR VASTL (ARANOS), luxus re-issue with new art and three extra tracks! - "expanded edition of one of Nurse With Wound's most intense, unique opuses, so unique that for long-time fans it was a strange, chaotic loundge bizzarie when it first came out. For the first time, all four audio sides are complete (originally, there were only three sides)." BLACK VINYL ed.        | €45,00 |
| 69 | NURSE WITH WOUND - Merzbild Schwet (coloured)            | LP    | Rotorelief ROTOR0089                              | 2024 | *Merzbild Schwet, the second album opus released in 1980, is considered one of Nurse With Wound's major releases, and is part of the famous 'Silver Edition' on Rotorelief Records, with a luxurious chrome-plated cover in double Gatefold sleeves, and sumptuous 200g vinyl discs.. " - lim. 300 COLOURED (silver + black) vinyl, numbered                                                                                                                                                                                 | €35,00 |
| 70 | NURSE WITH WOUND + BLADDER FLASK - Backside (coloured)   | LP    | Rotorelief ROTOR 0091                             | 2025 | re-ssue of the very limited lathe-cut LP from 2021 - STEVEN STAPLETONs noisy + eerie reworking of BLADDER FLASK source material (RICHARD RUPENUS [THE NEW BLOCKADERS] collage / found noise project), reminds on old atonal NWW, just great...- lim. 300 dark crystal luxus gatefold edition, machine numbered                                                                                                                                                                                                               | €35,00 |
